2004 Mazda3

Clock/Radio Contrast Adjustment

The contrast can be adjusted to reduce shadows on the clock/radio display screen. To adjust the contrast, follow the steps below:

1. Turn ignition key to ACC or ON position.
2. Turn radio ON.
3. Press and hold TUNE and AUDIO CONT knobs simultaneously for 5 seconds.

The word “CONTRAST” will appear on the display screen followed by a number between 1 - 15.

4. Rotate the AUDIO CONT knob to adjust the contrast as needed.
5. To exit, push either the TUNE or AUDIO CONT knob.

Press and hold TUNE and AUDIO CONT knobs

**CONTRAST setting
between 5 - 9 is
recommended**
